AGENDA ITEM 5. NEW BUSINESS

A. <u>RESOLUTION NO. 2020-924 – SETTING THE DATE, TIME, AND PLACE FOR THE</u> <u>ANNUAL SEWER SERVICE CHARGE HEARING TO COLLECT SEWER SERVICE</u> <u>CHARGES ON THE COUNTY TAX ROLL</u>

The Board will consider adopting Resolution No. 2020-924 (**EXHIBIT A**) setting the date, time, and place for a public hearing to continue collecting the District's annual sewer service charges by means of the County Property Tax Roll.

B. ADMINISTRATION & OPERATIONS (A&O) COMMITTEE MEETING - REPORT

The A&O Committee (Directors J. Kerns and Bollay) will report on its May 13th meeting.

C. FISCAL YEAR 2020-21 OPERATIONS AND MAINTENANCE (O&M) BUDGET

At its meeting on May 8, 2020 the Finance Committee reviewed the proposed FY 2020-21 O&M Budget. A spreadsheet showing the proposed FY 2020-21 O&M budget is enclosed as **EXHIBIT B**.

The proposed O&M line item budget for staff salaries was prepared using the Personnel Committee's April 28th meeting recommendation for a three percent cost of living adjustment (COLA). A proposed FY 2020-21 Salary Schedule was prepared using the Personnel Committee's recommended COLA and is enclosed as **EXHIBIT C**. CalPERS requires that the District's pay schedule be duly approved and adopted by the governing body in accordance with requirements of applicable public meetings laws.

The Finance Committee also reviewed current fund balances and the revenue projections for FY2020-21, which is enclosed as **EXHIBIT D**.

At Thursday's meeting, the Board will consider approving the proposed FY 2020-21 O&M Budget, Salary Schedule, and revenue projections.

D. <u>CAPITAL IMPROVEMENT PROJECT BUDGET</u>

At its May 8, 2020 meeting the Finance Committee also reviewed the proposed FY2020-21 Capital Improvement Project Budget. A spreadsheet showing the proposed capital expenditures is enclosed as **EXHIBIT E**.

At Thursday's meeting the Board will consider the Finance Committee's recommendation to approve the project funding specified in the spreadsheet.

E. <u>COVID-19 EXPOSURE CONTROL – RATIFICATION OF PURCHASE ORDERS</u>

At its meeting on March 12, 2020 the Board approved the Montecito Pandemic Preparedness and Response Plan which requires the Board to take action to ratify emergency purchase orders issued in an amount exceeding \$10,000. The enclosed **EXHIBIT F** lists the purchase orders exceeding \$10,000 that have been issued since the District entered into a state of emergency on March 19, 2020. At Thursday's meeting the Board will consider ratifying these purchase orders and thereby enabling the District to request reimbursement of these expenses from FEMA/CalOES.

F. <u>DEVELOPMENT PLAN – INITIAL STUDY / MITIGATED NEGATIVE</u> <u>DECLARATION</u>

The Notice of Availability and Notice of Intent to adopt a Mitigated Negative Declaration for the Development Plan Projects, pursuant to California Environmental Quality Act guidelines Section 15072, along with the Initial Study/ Mitigated Negative Declaration document were posted at the State of California Clearinghouse's web portal and the Montecito Sanitary District website on May 5, 2020. Notice was also published in the Montecito Journal in the May 21st edition regarding the Notice of Availability and Notice of Intent and directing the community to the MSD website to review the entire environmental document. The 30-day period for public review and comment on the Mitigated Negative Declaration began on May 5, 2020 and closed on June 5, 2020.

As approved by the MSD Board on December 12, 2019, the Development Plan Projects consist of the construction, operations, and maintenance of: (1) a recycled wastewater treatment system; (2) Essential Services Building and parking lot; and (3) five solar structures with panels. In coordination with the Montecito Water District, the recycled water produced from the recycled wastewater treatment system would be used to help irrigate the adjacent existing Santa Barbara Cemetery. The use of recycled water for the irrigation of the cemetery will allow the cemetery to cease use of potable water for irrigation purposes. All project components would be located either within or adjacent to the existing Montecito Sanitary District facility located at 910 Channel Drive.

As the CEQA Lead Agency for the proposed Development Plan Projects, the Montecito Sanitary District retained an environmental consulting firm, Stantec, to conduct an Initial Study of the potential effects of the proposed Projects, and determined the proposed Projects would not result in a significant impact on the environment. However, the following issue areas require mitigation measures to reduce potential impacts to a less-than-significant level:

- Biological Resources
- Cultural resources
- Transportation
- Tribal Cultural Resources
- Utilities and Service Systems

The District received some comments on the Mitigated Negative Declaration during the public comment period. At Thursday's meeting, the Board will hear a presentation, from Mike Weber with Stantec, on how these comments have been addressed. The Board will then consider

accepting the Mitigated Negative Declaration with any approved revisions and consider authorizing the General Manager to sign the Proposed Finding document enclosed as **EXHIBIT G**.

This research may lead to a useful monitoring tool for detection of the virus in a population.
- Annual Proficiency Testing (PT) was completed in May and submitted to CA-ELAP, our laboratory accrediting body. The test requires each wastewater laboratory to successfully determine the concentrations of a sample for each analyte a lab is certified for. Samples are purchased from a third-party provider (ERA Laboratory) approved by ELAP. All samples analyzed in our lab passed and were within acceptable ranges.

A MITIGATED NEGATIVE DECLARATION will be prepared. Attached Mitigation Measures and Monitoring Program. | |
| I find that the proposed Development Plan Projects MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required. | |
| I find that the proposed Development Plan Projects MAY have a significant effect on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets, if the effect is a "potentially significant impact" or "potentially significant unless mitigated." An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed. | |
| I find that although the proposed Development Plan Projects could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, nothing further is required. | |
