INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Montecito Sanitary District:

Report on the Financial Statements

We have audited the accompanying basic financial statements of the Montecito Sanitary District (the "District") as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America as well as the accounting systems prescribed by the State Controller's Office and state regulations governing special districts; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the State Controller's *Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of June 30, 2020 and 2019, and the respective changes in its financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America, as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 14, the California Public Employees' Retirement System Schedule of Montecito Sanitary District's Proportionate Share of the Net Pension Liability on page 44, the California Public Employees' Retirement System Schedule of Montecito Sanitary District's Contributions on page 45, and the Other Postemployment Benefits (OPEB) Plan – Schedule of Changes in the Net OPEB Liability and Related Ratios on page 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Montecito Sanitary District's basic financial statements. The list of the Board of Directors and the Schedule of Operating Expenses – By Department on pages 47 through 49 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Operating Expenses – By Department on pages 48-49 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Operating Expenses – By Department is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The list of board of directors on page 47 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Bartlett, Pringle & Wolf, LLP

Santa Barbara, California December 4, 2020

This Management's Discussion and Analysis (MD&A) is a key element of the District's annual audited financial statements that are prepared in accordance with the Governmental Accounting Standards Board Statement No. 34 (GASB 34). The purpose of the MD&A is to provide an overview of the District's financial condition and to highlight important changes and activities with fiscal implications that occurred during the fiscal years (FY) 2019-2020 and 2018-2019. We encourage readers to consider the information presented here in conjunction with the District's financial statements and related notes, which follow this section.

District Overview

The Montecito Sanitary District (the District) is an independent special district voted into existence in 1947 by the residents of Montecito to provide for the collection, treatment and disposal of wastewater. The District's mission has always been and continues to be "to protect public health and safety and to preserve the natural environment through the collection, treatment and disposal of wastewater in the most cost-effective way possible."

In 1961, the District constructed a wastewater treatment plant capable of processing 750,000 gallons per day. The infrastructure includes an ocean outfall pipeline (located 1,500 feet offshore) and sewer collection system pipeline and pumping system. In 1981 the voters approved \$3.1 million in revenue bonds to incorporate new technology, and double the plant's capacity to 1.5 million gallons per day. Today, the treatment plant capacity remains at 1.5 million gallons per day (mgd). The average daily flow as reported in the District's 2018 Annual Report to the California Regional Water Quality Control Board was 468,000 gallons per day (gpd).

In March 2007 the District issued Certificates of Participation (COPs) in the amount of \$14,765,000. These funds were used for capital replacement/improvement projects including a new testing laboratory and a maintenance building, over 25 miles of sewer main rehabilitation, lift station refurbishment and new sewer force main pipelines.

In May 2017 the District refunded the COPs by using \$1,121,862 available cash, \$957,824 COP reserve funds, and issuing new 2017 Sewer Refunding Revenue Bonds in the amount of \$10,020,000. This refunding will result in savings of over \$4 million due to favorable interest rates obtained and shortening of the term of the debt by seven years.

The District currently serves 3,048 residential properties and 38 commercial/institutional properties.

Management and Governance

The District is governed by a five-member Board of Directors. The Directors are elected on an atlarge basis for four-year terms. In 2001, the Board voted to align its elections with the Statewide General Elections to increase voter turnout and achieve a substantial cost savings. At the Board's discretion an Organizational Meeting is held at least every other year to assign officers' duties and to appoint the standing Committee Representatives. This process generally results in a rotation of duties among the Board members. The established Committees meet on an as-needed basis. If necessary, Ad Hoc Committees are formed for special projects. The Board of Directors approves the annual operating and capital budgets and authorizes expenditures of the District's funds.

The District employs a General Manager as the chief executive. The General Manager reports directly to the Board of Directors and is responsible for the overall operation and administration of the District. The District's Management Staff also includes a District Administrator who is the chief administrator, an Operations Manager, an Engineering Manager and a Lab and Pretreatment Manager. The District had 18 full-time authorized positions in FY 2019-2020 and 17 in FY 2018-2019.

Financial Statements

This discussion and analysis provides an introduction and a brief description of the District's financial statements, including the relationship of the statements to each other and the significant differences in the information they provide. The District's basic financial statements include four components:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows
- Notes to the Financial Statements

The statement of net position includes all the District's assets and deferred outflows and liabilities and deferred inflows, with the difference reported as net position. Net position is categorized as follows:

- Net Investment in Capital Assets
 - All property not easily converted to cash and held for a long period of time (real estate, equipment, etc.)
- Restricted
 - Assets/Cash needed to pay liabilities and may be restricted according to law or regulation
- Unrestricted
 - Any asset that is not restricted (i.e., cash)

The Statement of Net Position includes all of the District's investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

The Statement of Revenues, Expenses and Changes in Net Position presents information which shows how the District's net position changed during the year. All of the current year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses and changes in net position measures the success of the District's operations over the past year and determines whether the District has recovered its costs through user fees and other charges.

The Statement of Cash Flows provides information regarding the District's cash receipts and cash disbursements during the year. This statement reports cash activity in four categories:

- Operations
- Non-capital financing
- Capital and related financing
- Investing

This statement differs from the statement of revenues, expenses and changes in net position because the statement of cash flows accounts only for transactions that result in cash receipts or cash disbursements.

The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

Financial Highlights

- The District's net position increased 3.94% or \$1,455,111 to \$38,404,085 in fiscal year 2019-2020. In the prior year, the District's net position increased 33.05% or \$9,177,489 to \$36,948,974.
- The District's operating revenues decreased by 4.78% and operating expenses increased by 8.29% in FY 2019-2020. In the prior year, operating revenues increased by 2.28% and operating expenses increased by 5.92%.

Financial Analysis of the District

The following is a summary of the District's statement of net position:

				% Change FY 2019- 2020 and	% Change FY 2018- 2019 and
	June 30, 2020	June 30, 2019	June 30, 2018	2018-2019	2017-2018
Assets:					
Current assets	\$ 18,011,843	\$ 16,808,783	\$ 14,770,800	7.16%	13.80%

Total Net Position	\$ 38,404,085	\$ 36,948,974	\$ 27,771,485	3.94%	33.05%

[%] Change calculated by current year less prior year number and divided by prior year number.

FY 2018-19 Capital Assets includes new Miramar Lift Station dedicated in January 2019.

The following is a summary of the District's statement of revenues, expense and changes in net position for the years ended June 30, 2020 and 2019:

	Fiscal Year Ended June 30, 2020	Fiscal Year Ended June 30, 2019	Fiscal Year Ended June 30, 2018	% Change FY 2019- 2020 and 2018-2019	% Change FY 2018- 2019 and 2017-2018
Operating revenues	\$ 6,477,103	\$ 6,802,327	\$ 6,650,774	-4.78%	2.28%
Operating expenses	5,832,724	5,386,384	5,085,375	8.29%	5.92%
Operating income	644,379	1,415,943	1,565,399	-54.49%	-9.55%
Nonoperating revenue	913,109	1,012,302	1,984,768	-9.80%	-49.00%
Nonoperating expense	144,856	230,739	1,648,039	-37.22%	-86.00%
Non-operating income (loss)	768,253	781,563	336,729	-1.70%	-132.10%
Excess of revenue over expenses	1,412,632	2,197,506	1,902,128	-35.72%	15.53%
Capital contributions	42,479	6,979,983	413,207	-99.39%	1589.22%
Change in net position	1,455,111	9,177,489	2,315,335	-84.14%	296.38%
Net position, beginning of year	36,948,974	27,771,485	25,565,790	33.05%	8.63%
Prior period adjustment			(109,640)	0.00%	-100.00%
Net position, beginning of year, as restated	36,948,974	27,771,485	25,456,150	33.05%	9.10%
Net position, end of year	\$ 38,404,085	\$ 36,948,974	\$ 27,771,485	3.94%	33.05%

FY 2019-20 decrease in operating revenues due to decreased residential connections and sanitary service charges.

FY 2018-19 Capital contributions include the new Miramar Lift Station and Force Main dedicated January 2019, and sewer main extension reimbursements.

FY 2017-18 Nonoperating revenue/expenses include Thomas Fire Debris Flow expenses and reimbursements.

Sources of Revenue

The following is a table of the Districts revenues broken down by major source:

				% Change FY 2019- 2020 and	% Change FY 2018- 2019 and
Revenue Category	2019-2020	2018-2019	2017-2018	2018-2019	2017-2018
Service charges	\$ 6,256,696	\$ 6,580,922	\$ 6,224,822	-4.9%	5.7%
Connection fees	119,564	168,745	346,379	-29.1%	-51.3%
Other services	100,843	52,660	79,573	91.5%	-33.8%
Operating revenue	6,477,103	6,802,327	6,650,774	-4.8%	2.3%
Investment income	309,612	398,279	82,045	-22.3%	385.4%
Property taxes	603,497	596,725	590,994	1.1%	1.0%
Grant revenue for disaster costs	-	17,298	1,311,729	-100.0%	-98.7%
Nonoperating revenue	913,109	1,012,302	1,984,768	-9.8%	-49.0%
Total revenue	\$ 7,390,212	\$ 7,814,629	\$ 8,635,542	-5.4%	-9.5%

Grant revenue for disaster costs in 2017-2018 includes accrued FEMA reimbursement for January 9, 2018 Debris Flow disaster.

Sewer Service Charge (SSC)

The major source of revenue for the District is the Sewer Service Charges (SSC). The fiscal year (FY) 2019-2020 sewer service charges revenue decreased approximately 4.9% from the prior FY 2018-2019. The District's total annual SSC revenue for FY 2019-2020 was \$6,256,696; which amounted to 84.7% of the total revenues and 96.6% of the total operating revenue. The District's total annual SSC revenue for FY 2018-2019 was \$6,580,922; which amounted to 84.2% of the total revenues and 96.7% of the total operating revenue.

The District maintains a Teeter Plan agreement with the County of Santa Barbara. Under this agreement, the County guarantees payment to the District. The County collects these funds from the District's customers on their annual property tax statements, and the District receives the total amount of SSC revenue reported to the County each year.

Future Rate Increases

On May 9, 2016 the Board of Directors approved a 3-year planned rate increase structure for sewer service charges that went into effect beginning in FY 2016-17 and ran through FY 2018-19. On October 9, 2017 the Board of Directors approved to amend the fee schedule. All rate increases were validated and approved by following the procedures and requirements of Proposition 218. At this time there are no future planned rate increases.

Connection Fees

The connection fees collected on District permits are charges for connection to the District's sanitary sewer system, necessary to cover or recoup infrastructure costs incurred to provide service. Connection fees collected for the FY 2019-2020 and FY 2018-2019 were \$119,564 and \$168,745, respectively. The decrease in connection fees received in FY 2019-2020 is due to several large projects that occurred in the previous fiscal years, but not in the current year. The decrease in connection fees in FY 2019-20 from FY 2018-19 is reflected in decreased operating revenues on page 8.

Investment Income

The District's current approved investment policy, under Resolution No. 2013-883, states that it shall be the policy of the District to invest funds, with maximum security through diversification and prudence, in a manner which will provide the highest investment return, while meeting the daily cash flow demands of the entity and conforming to all statutes governing the investments of District funds.

In keeping with that policy, the District Board chose to distribute the District's monies between two investment vehicles: the Santa Barbara County Investment Pool, and the Local Agency Investment Fund (LAIF) which is a State of California controlled investment pool. Funds are readily available from either pool. The Santa Barbara County Pool consists of Sewer Service Charges, Property Tax Income, and Interest. The LAIF account consists of originally funded reserves and accumulated interest. District practice has been to draw from the Santa Barbara County Pool for operating funds.

Interest revenues received within FY 2019-2020 from the two investment pools was \$257,455. Investment income for the FY 2019-2020 also reflects a fair market value adjustment of \$52,157 from the two investment pools.

Property Tax

The District receives one half of 1% of the total property tax revenue that is collected by the County of Santa Barbara for parcels within its service area whether or not they are a customer of the District. The property tax revenue is inclusive of secure, unsecured, unitary, and supplemental property taxes. In FY 2019-2020 this property tax revenue amounted to \$603,497.

Operating Expenses

The District's operating expenses (not including depreciation) for FY 2019-2020 were \$4,613,911 and for FY 2018-2019 were \$4,175,648. This is an overall increase for FY 2019-2020 in actual operating expenses of 10.5%. For FY 2018-2019 there was an increase in actual operating expenses of 7.0%. Depreciation expense for FY 2019-2020 was \$1,218,813 and for FY 2018-2019 was \$1,210,736.

Expenditure increases or decreases in fiscal year 2019-2020 versus fiscal year 2018-2019 were as follows:

Expense Category	Expenses FY 2019/2020	Expenses FY 2018/2019	FY 2019/2020 Expense Increase (Decrease)	Difference	Comments/Justification
Personnel (Salaries, Payroll Taxes, WC Insurance, and Benefits)	\$ 3,278,112	\$ 2,911,833	\$ 366,279	12.6%	FY 19-20 Increase in CalPERS unfunded liability payment, new Treatment Operator hired in December 2019.
Pooled Liability and Other CSRMA Insurance Programs	67,965	65,101	2,864	4.4%	FY 19-20 Included deductible payment on insurance claim
Maintenance, Repairs, Operating Supplies/Equip, and Contracted Services	632,371	636,036	(3,665)	-0.6%	FY 19-20 Decrease in private lateral replacement rebates, treatment chemicals, biosolid disposal, plant maintenance materials
Utilities, Telephone, Fuel and Oil	203,618	201,194	2,424	1.2%	FY19-20 Utility services for new Miramar lift station (phone & electrical)
Research & Monitoring	27,155	23,520	3,635	15.5%	FY 19-20 Included lab equipment purchases
Office Expenses, Special Projects, and Misc. Administrative Costs	112,730	37,248	75,482	202.6%	FY 19-20 Sewer modeling, recycled waterpilot project
Professional Services, Administrative Fees, and Memberships	262,638	266,174	(3,536)	-1.3%	FY 19-20 Fewer professional and administrative services available due to business closures for COVID-19

Depreciation	1,210,736	1,181,633	29,103	2.5%	FY 18-19 New assets added
Totals	\$ 5,386,384	\$ 5,085,375	\$ 301,009	5.9%	

Certificates of Participation (COPs) – California Special Districts Association (CSDA) Finance Corporation – 2007 Series UU

Due to an urgent need for capital improvement project funds in FY 2006-07 the District worked with CSDA to seek funding through the issuance of COPs. The Board saw this as a means to ensure the District would have the funds necessary to complete a list of capital projects deemed to be mission critical to the District's efforts to provide the service expected and mandated by federal and state regulations, and to ensure the environmental health and safety of the community which the District serves. On March 1, 2007 the CSDA Finance Corporation issued Certificates of Participation (COPs) in the amount of \$14,765,000 (see Note 6). The Acquisition Fund was established from these funds in 2007 with a beginning balance of \$10,533,493. All of those funds were spent on Board approved Mission Critical Projects by June 30, 2016. The COPs were refunded in May 2017.

2017 Sewer Refunding Revenue Bonds – California Special Districts Association (CSDA) Finance Corporation

The 2007 Certificates of Participation (COPs) used for capital improvement projects became eligible for "Current Refunding" after the initial call date in April 2017. In January 2017 the District engaged Fieldman, Rolapp & Associates, independent financial advisors, to analyze the opportunity for refunding the 2007 COPs. The analysis showed the District could decrease the maturity term by seven years, remove the requirement for a reserve fund, and take advantage of lower interest rates, resulting in savings of approximately \$4 million. In May 2017 the District refunded the COPs by using \$1,121,862 available cash, \$957,824 COP reserve funds, and issuing new 2017 Sewer Refunding Revenue Bonds in the amount of \$10,020,000 (see Note 6). During the fiscal year ending June 30, 2020, the District made principal payments totaling \$605,000 against the debt. As of June 30, 2020 the remaining principal balance was \$8,260,000 and unamortized premium balance was \$740,882.

Annual Depreciation Funding

On May 26, 2009, the Board authorized the creation of a separate fund for depreciation. Effective July 1, 2009, the County Auditor-Controller's office established a fund titled Montecito Sanitary Capital Replacement Fund and as of June 30, 2020 there was \$7,384,139 in this fund. Annually the Board considers contributing to this fund. Typically, the annual amount contributed is based on the prior fiscal year's annual depreciation expense. The District may withdraw monies from the Capital Replacement Fund at any time to fund Capital projects or to meet any operational needs of the District.

Annual Audited Financial Statements

At the end of each fiscal year, the District is audited by an independent certified public accounting firm qualified to perform government accounting audits. The financial statements consist of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District's entire financial position. These statements provide a detailed look at specific financial activities. This annual report consists of two parts; management's discussion and analysis (this section) and a series of basic financial statements.

The basic financial statements include the Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows, followed by various and specific notes to those financial statements.

Additionally, the financial report includes required supplementary information, as well as other supplemental information as noted in the table of contents.

Contacting the District's Financial Management

This financial report has been prepared to provide the District's customers, creditors, and other interested parties with a general overview of the District's finances and to demonstrate the District's accountability of the money it receives. If you have any questions about this report or need additional financial information, contact Elizabeth Byrne, District Administrator/Clerk to the Board, at 1042 Monte Cristo Lane, Santa Barbara, CA 93108, or by telephone at (805) 969-4200.

MONTECITO SANITARY DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Reporting Entity

Montecito Sanitary District was organized in 1947, pursuant to the Sanitary District Act of 1923, to provide sewage collection and treatment for residents within the District's geographical boundaries.

The District is governed by a board of directors consisting of five members elected at large. The Directors receive fees for attendance at Board and Committee meetings. The District employs a General Manager/District Engineer and such other personnel as are required to meet its responsibilities.

Note 2 - Summary of Significant Accounting Policies

Accounting Policies

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants (AICPA).

Accounting Basis

The District reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the District is that the costs, including depreciation, of providing goods and services on a continuing basis be financed or recovered primarily through user charges. The accounts are maintained and these financial statements are presented on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when they are earned and expenses recognized when they are incurred. An enterprise fund is accounted for on the "flow of economic resources" measurement focus. This means that all assets and liabilities, whether current or long term, are included on the statement of net position.

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and the producing and delivering of goods in connection with the District's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The financial statements of the District have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Budget

The District prepares an annual budget which estimates major sources of revenue to be received during the fiscal year, as well as estimated expenditures needed for operation of District facilities. The budget is filed with Santa Barbara County (the County). The Board of Directors has the power to amend the budget during the year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents include restricted and unrestricted cash and restricted and unrestricted certificates of deposit with original maturities of three months or less.

Receivables

Receivables are primarily comprised of sewer service fees collected by the County of Santa Barbara and interest earned on investments but not yet paid.

Property, Plant and Equipment

Capital assets purchased by the District are recorded at cost. Contributed or donated capital assets are recorded at fair value when acquired. Prior to the adoption of GASB 89 during fiscal year June 30, 2020, interest incurred during the construction period of an asset was capitalized as part of the cost.

Depreciation

Capital assets purchased by the District are depreciated over their estimated useful lives (ranging from 5-80 years) under the straight-line method of depreciation.

Accumulated Vacation, Compensated Time Off and Sick Leave

Accumulated unpaid employee vacation, compensated time off, and sick leave benefits are recognized as liabilities of the District.

Deferred Outflows and Inflows of Resources

Pursuant to GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position," and GASB Statement No. 65, "Items Previously Reported as Assets and Liabilities," the District recognizes deferred outflows and inflows of resources.

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. A deferred outflow of resources is defined as a consumption of net position by the District that is applicable to a future reporting period.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. A deferred inflow of resources is defined as an acquisition of net position by the District that is applicable to a future reporting period.

Net Position

Net position represents the difference between assets and deferred outflows, and liabilities and deferred inflows, and is classified into three components as follows:

Note 2 - <u>Summary of Significant Accounting Policies</u> (Continued)

Net Position (Continued)

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net investment in capital assets excludes unspent debt proceeds.

Restricted – This component of net position consists of assets which are legally restricted by outside parties for use for a specific purpose.

Unrestricted – This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets." Dedicated net position represents unrestricted assets which are segregated by the Board of Directors for specific future uses.

When an expense is incurred for purposes for which both unrestricted and restricted resources are available for use, it is the District's policy to apply restricted assets first, then unrestricted resources.

Revenue Recognition – Property Taxes and Services Charges

Property taxes and user sewer service charges are collected on the tax rolls of the County of Santa Barbara. The District receives an allocation of general property taxes. Sewer service charges are based upon the total number of equivalent residential units (ERU's) connected to the sewers of the District. Commercial properties are charged based upon loading factors and water consumption. The property taxes and service charges are recognized when they have been collected by the County and are available for distribution to the District.

Property taxes in the State of California are administered for all local agencies at the county level, and consist of secured, unsecured, and utility tax rolls. The following is a summary of major policies and practices relating to property taxes:

Property Valuations – are established by the Assessor of the County of Santa Barbara (County) for the secured and unsecured property tax rolls; the utility property tax roll is valued by the State Board of Equalization. Under the provisions of Article XIIA of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 100% of full value. From the base assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

Tax Collections – are the responsibility of the County Tax Collector. Taxes and assessments on secured and utility rolls which constitute a lien against the property, may be paid in two installments: the first is due on November 1 of the fiscal year and is delinquent if not paid by December 10; and the second is due on March 1 of the fiscal year and is delinquent if not paid by April 10. Unsecured personal property taxes do not constitute a lien against real property unless the taxes become delinquent. Payment must be made in one installment, which is delinquent if not paid by August 31 of the fiscal year. Significant penalties are imposed by the County for late payments.

Note 2 - Summary of Significant Accounting Policies (Continued)

Revenue Recognition – Property Taxes and Services Charges (Continued)

During the fiscal year ended June 30, 1994, the District adopted the "Teeter Plan" as defined in the Revenue and Taxation Code. Under this plan, the District is guaranteed 99.6% of the secured property tax apportionment each year. The District is also assured of receiving 95% of the unsecured property tax apportionment for each fiscal year by July 31 of the following fiscal year. The remaining 5% is placed in a Tax Loss Reserve Fund which will be used to offset future tax sale losses incurred by the County. Additionally, the District is assured of receiving 100% of its sewer service charges for each fiscal year.

Tax Levy Apportionments – Due to the nature of the District-wide maximum levy, it is not possible to identify general purpose tax rates for specific entities. Under State legislation adopted subsequent to the passage of Proposition 13, apportionments to local agencies are made by the County Auditor-Controller based primarily on the ratio that each agency represented of the total District-wide levy for the three years prior to fiscal year 1979. The District's apportionment is ½ of 1% of the total property tax revenue that is collected by the County of Santa Barbara for parcels within its service area.

Property Tax Administration Fees – The State of California FY 90-91 Budget Act, authorized counties to collect an administrative fee for collection and distribution of property taxes. Property taxes are recorded as net of administrative fees withheld during the fiscal year.

Tax Levies – are limited to 1% of full value which results in a tax rate of \$1.00 per \$100 assessed valuation, under the provisions of Proposition 13. Tax rates for voter-approved indebtedness are excluded from this limitation.

Tax Levy Dates – are attached annually on January 1 preceding the fiscal year for which the taxes are levied. The fiscal year begins July 1 and ends June 30 of the following year. Taxes are levied on both real and unsecured personal property as they exist at that time. Liens against real estate, as well as the tax on personal property, are not relieved by subsequent renewal or change in ownership.

Connection Fees

Connection fees are one-time capacity charges imposed at the time a structure is connected to the District's system, or an existing connection is expanded or increased. These funds are restricted and may be used to finance the expansion or upgrade of existing facilities that will benefit new customers including collection system improvements and treatment system upgrades.

Annual Appropriations Limit

The District is exempt from the annual appropriations limit required by Senate Bill 813 (Chapter 1025, Statutes of 1987) in accordance with California Constitution Article XIII B. This exemption is based on a tax rate not greater than 12-1/2 cents per \$100 of assessed valuation in 1978.

Note 2 - <u>Summary of Significant Accounting Policies</u> (Continued)

Grant Receivable and Revenue

The District recognizes grant revenue when the qualifying expenditures are incurred, all eligibility requirements have been met, and collection of the grant funds is probable. Receipt of funds under the grant is dependent on the approval of submitted expenditures. An allowance for estimated disallowed costs is reflected in the receivable balance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Significant estimates used in preparing these financial statements include useful lives of capitalized assets and the liability for pension and postretirement healthcare benefits. It is at least reasonably possible that the significant estimates used will change within the next year.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Montecito Sanitary District's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For this report, the following timeframes are used:

Valuation Date June 30, 2018 Measurement Date June 30, 2019

Measurement Period July 1, 2018 to June 30, 2019

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the total OPEB liability of the District and additions to/deductions from the District's OPEB liability have been determined on the same basis. For this purpose, MSD recognizes benefit payments when due and payable in accordance with the benefit terms. For this report, the following timeframes are used:

Valuation Date June 30, 2018 Measurement Date June 30, 2019

Measurement Period July 1, 2018 to June 30, 2019

Note 2 - <u>Summary of Significant Accounting Policies</u> (Continued)

Future Governmental Accounting Standards Board (GASB) Pronouncements

The Governmental Accounting Standards Board Statements listed below will be implemented in future financial statements. These statements will be evaluated by the District to determine if they will have a material impact to the financial statements once effective.

Statement No. 87	"Leases"	The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)
Statement No. 89	"Accounting for Interest Cost Incurred Before the End of a Construction Period"	The requirements of this statement are effective for periods beginning after December 15, 2020. The District early implemented during fiscal year ended June 30, 2020.

Note 3 – <u>Cash and Investments</u>

Cash and investments are classified in the accompanying financial statements at June 30, 2020 and 2019 as follows:

	June 30, 2020		Jı	ine 30, 2019
Unrestricted:				
Cash and investments, undesignated	\$	7,219,095	\$	7,826,251
Cash designated for retirement benefits		169,032		150,661
Cash designated for capital replacement		7,384,139		6,979,263
Cash designated for reserves		2,010,142		1,675,811
Cash designated for recycled water		1,091,916		_
Total cash and investments	\$	17,874,324	\$	16,631,986

Cash and investments as of June 30, 2020 and 2019 consist of the following:

	June 30, 2020	June 30, 2019
Cash on hand	\$ 250	\$ 250
Deposits held with financial institutions	1,424,228	278,695
Cash with fiscal agent	768,650	762,500
Local Agency Investment Fund	2,010,142	1,675,811
Santa Barbara County Investment Pool	13,671,054	13,914,730
Total cash and investments	\$ 17,874,324	\$ 16,631,986

Note 3 - <u>Cash and Investments</u> (Continued)

Investments Authorized by the District's Investment Policy

The District's investment policy authorizes investments selected on the basis of credit worthiness, financial strength, experience, and minimal capitalization. The District shall select only licensed brokers and dealers in good standing with the California Department of Securities, the Securities and Exchange Commission, the National Association of Securities Dealers, or other applicable self-regulatory organizations. The District is prohibited from investing in any funds in inverse floaters, range notes, interest-only strips derived from mortgage pools, or any investment which may result in a zero interest accrual if held to maturity. It is the District policy to diversify its investment portfolio to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of securities.

The primary objectives of the District's investment activities in priority order are: safety, liquidity, and return on investments. Investments shall be chosen with judgment and care, considering the probable safety of their capital as well as the probable income to be derived. Although the District has pre-authorized investment categories per Resolution No. 2013-883, the only investments in practice are those in the local government investment pool administered by the State of California Local Agency Investment Fund (LAIF) and the Santa Barbara County Investment Pool.

Investments

The District participates in LAIF and the Santa Barbara County Investment Pool. LAIF and the Santa Barbara County Investment Pool are regulated by the California Government Code.

The District's investment in LAIF is reported in the accompanying financial statements at amounts based on the District's pro-rata share of the value provided by LAIF for the entire LAIF portfolio. The balance available for withdrawal is based on the accounting records maintained by LAIF, which is recorded on the amortized cost basis. LAIF invests some of its portfolio in derivatives. Detailed information on derivative investments held by this pool is not readily available. The fair value of LAIF is approximately equal to the value of the pool shares.

The District's investment in the Santa Barbara County Investment Pool is reported in the accompanying financial statements at the amounts based upon the District's pro-rata share of the value provided by the Santa Barbara County Investment Pool for the entire Santa Barbara County Investment Pool portfolio, which is recorded on the amortized cost basis. The balance available for withdrawal is based on the accounting records maintained by the Santa Barbara Investment Pool. The fair value of the Santa Barbara Investment Pool is approximately equal to the value of the pool shares.

Note 3 - <u>Cash and Investments</u> (Continued)

Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the District's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

None of the District's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF and the Santa Barbara County Investment Pool).

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District did not have any investments that are considered highly sensitive to changes in interest rates at June 30, 2020 and 2019.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity as of June 30, 2020 and 2019.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total District investments.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization.

Presented below is the minimum rating required by the California Government Code and the District's investment policy, and the actual rating as of June 30, 2020 and 2019 for each investment type.

Note 5 – Compensated Absences

Employees are entitled to accumulate up to 120 working days of sick leave, at the rate of eight hours per month for full time employees, and pro-rated for part-time employees. If employees retire under the District's retirement program, or voluntarily resign after twenty or more years of service, they would receive full compensation for any unused sick leave, paid at their current salary level. If employees voluntarily resign with less than twenty years of service, they would receive one-half to three quarters of their unused sick leave, depending on the years of service completed.

Employees are also entitled to accumulate vacation leave at a rate of two to five weeks per year, depending on the number of years of service completed. Such accumulated leave cannot exceed two times the employee's annual entitlement. Employees are entitled to accumulate Personal Time Off (PTO) at a rate of six days per year. Accumulated PTO cannot exceed six days. Vacation and PTO leave is fully vested at all times and will be paid to employees upon termination of employment.

Eligible employees may request the option of selecting compensatory time off (CTO) for overtime hours worked during any workweek in lieu of overtime pay. All CTO hours will be subject to payout at the time of employment separation.

In accordance with accounting principles generally accepted in the United States of America, the liability is reflected on the statement of net position and the current fiscal year allocation has been expensed.

Note 6 - Long-Term Debt

The long-term debt liabilities of the District are as follows:

	Balance June 30, 2019	Add	itions	 etirements/	Balance June 30, 2020
2017 Sewer Refunding					
Revenue Bonds	\$ 8,850,000	\$	-	\$ (590,000)	\$ 8,260,000

Net long-term debt	\$ 9,074,970	\$		\$ (664,088)	\$ 8,395,882

CSDA Finance Corporation Certificates of Participation 2007 Series UU

The CSDA Finance Corporation Certificates of Participation 2007 Series UU ("2007 COPs") were issued March 1, 2007 in the aggregate principal amount of \$14,765,000. Interest was payable semi-annually each January 1 and July 1, commencing July 1, 2007.

Note 6 – Long-Term Debt (Continued)

CSDA Finance Corporation Certificates of Participation 2007 Series UU (Continued)

On May 3, 2017 the District deposited \$12,797,633 with an escrow agent to provide for payment when due (through July 1, 2017) of all principal and interest with respect to the 2007 COPs. The deposit amount was obtained by using \$1,121,862 available cash, \$957,824 COP reserve funds, and through the issuance of new 2017 Sewer Refunding Revenue Bonds. On July 1, 2017, the final payment from the escrow account was made, and the entire outstanding aggregate principal amount and interest of the 2007 COPs was refunded.

2017 Sewer Refunding Revenue Bonds

The 2017 Sewer Refunding Revenue Bonds ("2017 Bonds") were issued May 1, 2017 in the aggregate principal amount of \$10,020,000 and a premium of \$963,147. The costs of issuance and the underwriter's discount were \$165,000 and \$100,200, respectively. The Bonds consist of serial certificates in the principal amount of \$10,020,000 bearing interest rates ranging from 2-5%, with the final installment payment due July 1, 2030. Interest is payable semi-annually each January 1 and July 1, commencing July 1, 2017.

The District is required to use the proceeds from the bonds to 1) prepay the District's obligations under the installment purchase contract, dated as of March 1, 2007, between the District and the CSDA Finance Corporation, and 2) to pay certain costs of issuing the 2017 Bonds. The Bonds are secured by a pledge of the District's revenues.

The refunding resulted in decreased total debt service payments from \$19,409,316 to \$12,805,980. This decreased cash flow created an economic gain of approximately \$2,091,000 when discounted at the 2017 Bonds' effective interest rate of 2.7436644%. Total annual requirements to amortize the 2017 Bonds are as follows:

Fiscal Year	Principal	Interest	Total
FY 2020-2021	605,000	327,300	932,300
FY 2021-2022	635,000	303,100	938,100
FY 2022-2023	655,000	277,700	932,700
FY 2023-2024	685,000	251,500	936,500
FY 2024-2025	710,000	224,100	934,100
FY 2025-2026 to			
2029-2030	4,065,000	607,600	4,672,600
FY 2030-2031	905,000	27,150	932,150
Total	\$ 8,260,000	\$ 2,018,450	\$ 10,278,450

Debt service payments in any one fiscal year will not exceed \$940,200.

Note 7 - <u>Deferred Compensation</u> Plan

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all District employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The District makes no employer contributions into this plan.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the employees and therefore are not reflected in the financial statements of the District.

Note 8 - Defined Benefit Pension Plan

General Information about the Pension Plans

Plan Descriptions – All eligible full time employees are required to participate in Montecito Sanitary District's Miscellaneous Employee Pension Plans, cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and local government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website. Eligible employees hired after January 1, 2013 that are considered new members as defined by the Public Employees' Pension Reform Act (PEPRA) are participating in the PEPRA Miscellaneous Plan.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, as discussed above. Members with five years of total service are eligible to retire at age 50 or 52 if in the PEPRA Miscellaneous Plan with statutorily reduced benefits. An optional benefit regarding sick leave is included in the District retirement contract with CalPERS. Any unused sick leave accumulated at the time of retirement will be converted to credited service at a rate of 0.004 years of service for each day of sick leave. All members are eligible for non-duty disability benefits after 10 years of service. The system also provides for the Optional Settlement 2W Death Benefit, as well as the 1959 Survivor Benefit. The cost of living adjustments for all plans are applied as specified by the Public Employees' Retirement Law.

Note 8 - <u>Defined Benefit Pension Plan</u> (Continued)

The Plans' provisions and benefits in effect at June 30, 2020 and 2019 are summarized as follows:

	For the Year Ende	ed June 30, 2020	For the Year Ended June 30, 2019			
	Miscellane	eous Plan	Miscellaneous Plan			
	Prior to January 1,	On or after	Prior to January 1,	On or after		
Hire date	2013	January 1, 2013	2013	January 1, 2013		
Benefit formula	2% @ 55	2% @ 62	2% @ 55	2% @ 62		
Benefit vesting schedule	5 years of service	5 years of service	5 years of service	5 years of service		
Benefit payments	monthly for life	monthly for life	monthly for life	monthly for life		
Retirement age	50 - Minimum	52 - Minimum	50 - Minimum	52 - Minimum		
Monthly benefits, as a % of eligible						
compensation	1.4% to 2.4%	1.0% to 2.5%	1.4% to 2.4%	1.0% to 2.5%		
Required employee contribution rates	7.00%	6.75%	7.00%	6.25%		
Required employer contribution rates	10.22%	6.99%	9.41%	6.84%		
Required employer contribution rates for payment on all UAL						
amortization bases	8.77%	0.29%	6.78%	2.51%		

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Montecito Sanitary District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

The District's contribution to the Plan for the years ended June 30, 2020 and 2019 were \$316,708 and \$271,498, respectively. Of the total contributions made for the years ended June 30, 2020 and 2019, \$133,335 and \$110,977, respectively, were required contributions for the unfunded liability.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

The District's net pension liability for all Plans is measured as the proportionate share of the net pension liability. As of June 30, 2020 and 2019, the District reported a liability of \$2,317,190 and \$2,094,365, respectively, for its proportionate shares of the net pension liability of all Plans. The net pension liability of all of the Plans is measured as of June 30, 2019, and the total pension liability for all Plans used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures.

Note 8 - <u>Defined Benefit Pension Plan</u> (Continued)

The District's proportion of the net pension liability was determined by CalPERS using the output from the Actuarial Valuation System and the fiduciary net position, as provided in the CalPERS Public Agency Cost-Sharing Allocation Methodology Report, which is a publicly available report that can be obtained at CalPERS' website, at www.calpers.ca.gov. The District's proportionate share of the net pension liability for all Plans with an actuarial valuation date of June 30, 2018 and 2017 (and measurement date of June 30, 2019 and 2018, respectively) were as follows:

	Miscellaneous
Proportion - June 30, 2018	0.05557%
Proportion - June 30, 2019	0.05786%
Change - Increase (Decrease)	0.00229%

For the Year Ended June 30, 2019

	Miscellaneous
Proportion - June 30, 2017	0.05384%
Proportion - June 30, 2018	0.05557%
Change - Increase (Decrease)	0.00173%

For the years ended June 30, 2020 and 2019, the District recognized pension earnings (expense) of \$548,518 and \$300,019, respectively. At June 30, 2020 and 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	June 30, 2020					June 30	0, 2019	
	Deferred Outflows		Deferred Inflows		Deferred Outflows		Deferred Inflows

	\$	683,867	\$	(145,967)	\$	691,323	\$	(146,576)

Note 8 - <u>Defined Benefit Pension Plan</u> (Continued)

Employer contributions of \$316,708 reported at June 30, 2020 as deferred outflows of resources related to contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. During the fiscal year ended June 30, 2019, \$271,498 of employer contributions that was reported in deferred outflows of resources was recognized as a reduction to the net pension liability.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30:	Amount
2021	\$ 189,096
2022	(4,154)
2023	28,064
2024	8,186
2025	-
Thereafter	-
	\$ 221,192

Actuarial Assumptions – The total pension liabilities in the June 30, 2018 and 2017 actuarial valuations were determined using the following actuarial assumptions:

	For the Year Ended June 30, 2020	For the Year Ended June 30, 2019
	Miscellaneous	Miscellaneous
Valuation Date	30-Jun-18	30-Jun-17
Measurement Date	30-Jun-19	30-Jun-18
Actual Cost Method	Entry-Age Normal Cost Method in accordance with the requirements of GASB Statement No. 68	Entry-Age Normal Cost Method in accordance with the requirements of GASB Statement No. 68
Actuarial Assumptions:		
Discount Rate	7.15%	7.15%
Inflation	2.50%	2.50%
Payroll Growth	2.75%	3.00%
Projected Salary Increase	Varies by entry age and service (1)	Varies by entry age and service (1)
Investment Rate of Return	7.15%	7.15%
Mortality	Derived using CalPERS' Membership Data for all Funds	Derived using CalPERS' Membership Data for all Funds
Post Retirement Benefit	Contract COLA up to 2.5% until Purchasing Power	Contract COLA up to 2.5% until Purchasing Power
Increase	Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter	Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter

⁽¹⁾ Depending on age, service and type of employment

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic date from 1997 to 2015) that can be found on the CalPERS website.

⁽²⁾ Net of pension plan investment expenses, including inflation

Note 8 - <u>Defined Benefit Pension Plan</u> (Continued)

Change of Assumption – During the measurement period ended June 30, 2018, demographic assumptions and inflation rate were changed in accordance with the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. Further details of the Experience Study can be found on the CalPERS website. Deferred inflows of resources for changes of assumptions represents the unamortized portion of the changes of assumptions related to prior measurement periods.

Discount Rate – The discount rate used to measure the total pension liability was 7.15 percent for all Plans. To determine whether the municipal bond rate should be used in the calculation of a discount rate for all plans, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund, including PERF C. The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

Long-term Expected Rate of Return – The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by asset class are as follows:

	For the	Year Ended June 3	30, 2020	For the	Year Ended June 3	30, 2019
Asset Class	Net Strategic Allocation	Real Return Years 1-10 (a)	Real Return Years 11+ (b)	Net Strategic Allocation	Real Return Years 1-10 (a)	Real Return Years 11+ (b)
Global Equity	50.00%	4.80%	5.98%	50.00%	4.80%	5.98%
Global Fixed Income	28.00%	1.00%	2.62%	28.00%	1.00%	2.62%
Inflation Sensitive	0.00%	0.77%	1.81%	0.00%	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%	8.00%	6.30%	7.23%
Real Estate	13.00%	3.75%	4.93%	13.00%	3.75%	4.93%
Liquidity	1.00%	0.00%	-0.92%	1.00%	0.00%	-0.92%

- (a) An expected inflation of 2.00% used for this period
- (b) An expected inflation of 2.92% used for this period

Note 8 - <u>Defined Benefit Pension Plan</u> (Continued)

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate — The following presents Montecito Sanitary District's proportionate share of the net pension liability for all Plans, calculated using the discount rate for all Plans, as well as what Montecito Sanitary District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

For the Year Ended	June 30, 2	2020	For the Year Ended	d June 30, 2	2019
Miscellan	eous		Miscellar	neous	
1% Decrease Net Pension Liability	\$	6.15% 3,619,783	1% Decrease Net Pension Liability	\$	6.15% 3,330,717
Current Discount Rate Net Pension Liability	\$	7.15% 2,317,190	Current Discount Rate Net Pension Liability	\$	7.15% 2,094,365
1% Increase Net Pension Liability	\$	8.15% 1,241,992	1% Increase Net Pension Liability	\$	8.15% 1,073,777

Pension Plan Fiduciary Net Position – Detailed information about all pension plan fiduciary net positions is available in the separately issued CalPERS financial reports.

Note 9 - Post-Employment Health Care Benefits

Plan Description

For employees hired before July 1, 2010, the District provides retiree medical coverage to eligible current employees and one dependent as defined by the plan. Under the Plan, retired employees who attain age 55 with at least ten years of service are eligible to receive benefits until reaching age 65. The District pays 100% of the health insurance benefits' monthly premium. The dependent of an eligible retiree is also eligible to receive benefits from this plan, and benefits continue until they are Medicare eligible or are no longer considered a dependent under the Patient Protection and Affordable Care Act (PPACA). When the retired employee reaches age 65 the retired employee and the dependent are no longer covered. In accordance with Montecito Sanitary District Board of Directors action taken on June 4, 2010, any employee hired by the District after July 1, 2010 is not eligible for post-employment health care benefits.

Employees Covered

As of the June 30, 2019 actuarial valuation, current and former employees that were covered by the benefit terms under the OPEB Plan are displayed in the table below:

Participating active employees	3
Inactive employees currently receiving benefits	1
Total	4

Note 9 - Post-Employment Health Care Benefits (Continued)

Funding Policy

The contribution requirements of plan members and the District are established and may be amended by the District and its board of directors. The required contribution is based on projected pay-as-you-go financing requirements. Currently, the District has \$169,032 of designated net position set aside to be used to fund the post-employment health care obligation, and plans to set aside \$15,000 each July until adequate funds have been established. The District pays 100% of costs on behalf of the eligible participants.

Actuarial Assumptions

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actual Cost Method	OPEB Plan Entry-Age Actuarial Cost Method in accordance with the requirements of GASB Statement No. 75
Actuarial Assumptions:	
Discount Rate	
Measurement Date - 2019	3.50%
Measurement Date - 2018	3.80%
Inflation	2.75%
Salary Increases (1)	2.75%
Investment Rate of Return	
Measurement Date - 2019	3.50%
Measurement Date - 2018	3.80%
Mortality	2009 CalPERS Active Mortality for Miscellaneous Employees; 2009 CalPERS Retiree Mortality for Miscellaneous Employees
Pre-Retirement Turnover	2009 CalPERS Turnover for Miscellaneous Employees
Healthcare Trend Rate	4% per year

(1) Benefits are not dependent upon salary

Note 9 - Post-Employment Health Care Benefits (Continued)

Discount Rate

The discount rate used to measure the total OPEB liability as 3.5%. The projection of cash flows used to determine the discount rate assumed that District contributions will be sufficient to fully fund the obligation over a period not to exceed 30 years. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in the Net OPEB Liability

The District accrued the net OPEB obligation of \$222,062 and \$193,469 as of June 30, 2020 and 2019, which is included on the Statement of Net Position with accrued salaries and benefits. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the District's net OPEB obligation for plan benefits for the years ended June 30, 2020 and 2019:

	tal OPEB Liability (a)	n Fiduciary et Position (b)	Liab	et OPEB ility/(Asset) (a) - (b)
Balance at June 30, 2019				
(Measurement Date June 30, 2018)	\$ 193,469	\$ -	\$	193,469
Changes Recognized for the Measurement Period:				
Service cost	9,315	-		9,315
Interest on Total OPEB Liability	7,008	-		7,008
Contributions - Employer	-	20,936		(20,936)
Changes in Assumptions	29,554			29,554
Experience Gains/Losses	10,132			10,132
Benefit Payments & Refunds	(20,936)	(20,936)		-
Expected Minus actual Benefit Payments	(6,480)	 		(6,480)
Net Changes	28,593	 		28,593
Balance at June 30, 2020				
(Measurement Date June 30, 2019)	\$ 222,062	\$ 	\$	222,062

Note 9 - Post-Employment Health Care Benefits (Continued)

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2019.

Net OPEB Liability					
Current					
1% Decrease	Discount Rate	1% Increase			
(2.5%)	(3.5%)	(4.5%)			
\$ 237,081	\$ 222,062	\$ 207,422			

The following presents the net OPEB liability of the District if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2019.

Net OPEB Liability										
Trend 1%	Valuation	Trend 1%								
Lower	Trend	Higher								
(3.0%)	(4.0%)	(5.0%)								
\$ 210,553	\$ 222,062	\$ 230,974								

Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The recognition period differs depending on the source of the gain or loss.

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2020 and 2019, the District recognized OPEB expense of \$20,149 and \$10,510, respectively.

Note 9 - Post-Employment Health Care Benefits (Continued)

As of the fiscal year ended June 30, 2020 and 2019, the District reported deferred outflows of resources and deferred inflows or resources related to OPEB from the following sources:

	June 30	, 2020		June 30, 2019						
Deferred		Defer	red	De	eferred	Def	erred			
Out	flows of	Inflows of		Out	flows of	Inflows of				
Re	sources	Resources		Res	sources	Resources				
\$	1,752	\$	-	\$	20,936	\$	-			
	-		-		-		-			
	22,984		-		-		3,238			
	3,158		-							
	_				_		_			
\$	27,894	\$		\$	20,936	\$	3,238			
	Out:	Deferred Outflows of Resources \$ 1,752 - 22,984 3,158	Outflows of Resources Resources \$ 1,752 \$ \$ 22,984 \$ 3,158	Deferred Outflows of Resources Resources \$ 1,752 \$ - 22,984 - 3,158 -	Deferred Deferred Outflows of Inflows of Resources Resources Resources S 1,752 S - S	Deferred Outflows of Resources Deferred Inflows of Resources Deferred Outflows of Resources \$ 1,752 \$ - \$ 20,936	Deferred Outflows of Resources Deferred Inflows of Resources Deferred Outflows of Resources Deferred Outflows of Resources Deferred Outflows of Resources \$ 1,752 \$ - \$ 20,936 \$ - - - - 22,984 - - - 3,158 - - -			

At June 30, 2020, the District reported deferred outflows of resources of \$1,752 related to contributions made subsequent to the measurement date. This will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as expense as follows:

Fiscal Year Ended June 30:

2021	\$ 3,826
2022	3,826
2023	3,826
2024	3,898
2025	3,898
Thereafter	 6,868
	\$ 26,142

Note 10 – Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disaster.

The District participates in the California Sanitation Risk Management Authority (CSRMA), which arranges for and provides general liability, property damage, workers' compensation and employee dishonesty liability insurance to its member agencies. The District pays a premium commensurate with the level of coverage requested.

Business Risk

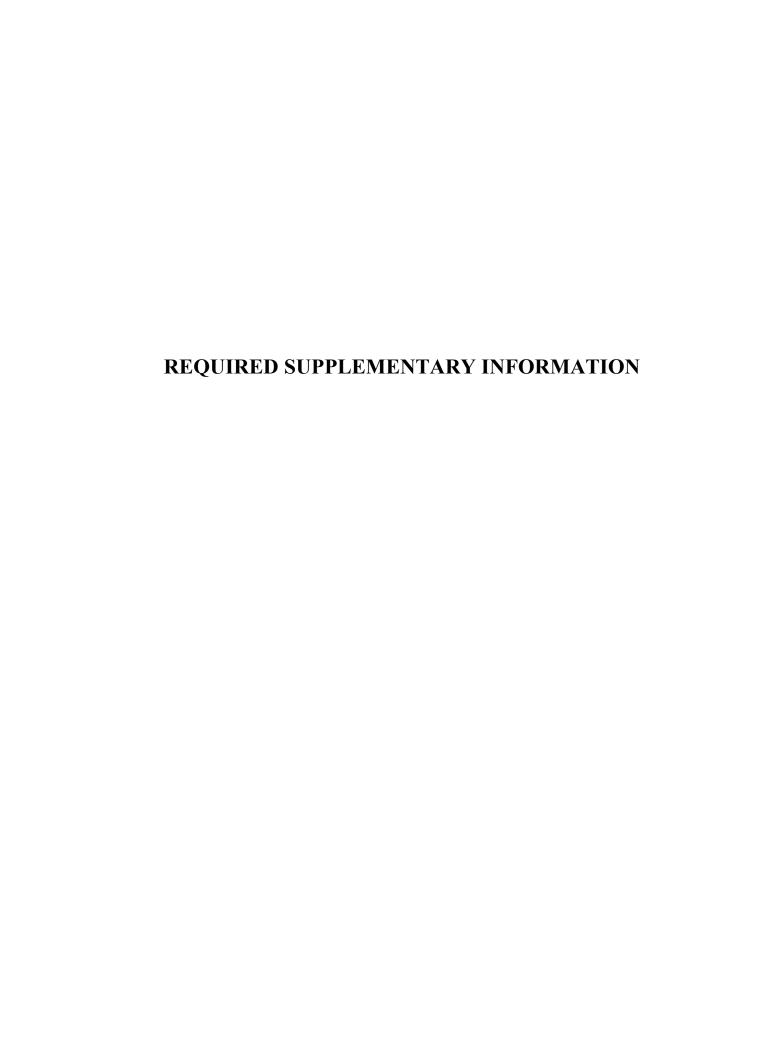

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the District operates. It is unknown how long these conditions will last and what the complete financial effect will be to the District. The inherent risk and volatility of financial markets during the pandemic make it reasonably possible that the District is vulnerable to the risk of a near-term impact.

Note 11 – Commitments and Contingencies

In the ordinary course of conducting business, various legal matters may be pending, however, in the opinion of the District's management, the ultimate disposition of these matters will have no significant impact on the financial position of the District.

Note 12 – Subsequent Events

Subsequent events have been evaluated through December 4, 2020, the date that the financial statements were available to be issued.
